ENGLISH LEARNER EDUCATION	11

## MASSACHUSETTS DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION COORDINATED PROGRAM REVIEW REPORT

#### Hampden Charter School of Science

#### SCOPE OF COORDINATED PROGRAM REVIEWS

As one part of its accountability system, the Department of Elementary and Secondary Education oversees local compliance with education requirements through the Coordinated Program Review (CPR). All reviews cover selected requirements in the following areas:

#### Special Education (SE)

selected requirements from the federal Individuals with Disabilities Education Act (IDEA-2004); the federal regulations promulgated under that Act at 34 CFR Part 300; M.G.L. c. 71B, and the Massachusetts Board of Education's Special Education regulations (603 CMR 28.00), as amended effective March 1, 2007. All districts participating in the 2014-2015 monitoring cycle conducted self-assessments across all criteria in the Web-based Monitoring System (WBMS).

#### Civil Rights Methods of Administration and Other General Education Requirements (CR)

- selected federal civil rights requirements, including requirements under Title VI of the Civil Rights Act of 1964; the Equal Educational Opportunities Act of 1974; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, together with selected state requirements under M.G.L. c. 76, Section 5 and M.G.L. c. 269 §§ 17 through 19.
- selected requirements from the Massachusetts Board of Education's Physical Restraint regulations (603 CMR 46.00).
- selected requirements from the Massachusetts Board of Education's Student Learning Time regulations (603 CMR 27.00).
- various requirements under other federal and state laws. All districts participating in the 2013-2014 CPR monitoring cycle conducted self-assessments across all criteria in the Web-based Monitoring System (WBMS).

#### English Learner Education (ELE) in Public Schools

• selected requirements from M.G.L. c. 71A, the state law that governs the provision of education to limited English proficient students, and 603 CMR 14.00, as well as the No Child Left Behind Act of 2001, Title III and Title VI of the Civil Rights Act of 1964. During the 2013-2014 school year, all districts that enroll limited English proficient students will be reviewed using a combination of updated standards and a self-assessment instrument overseen by the Department's RETELL (Rethinking Equity and Teaching for English Language Learners) initiative.

Some reviews also cover selected requirements in:

#### Career/Vocational Technical Education (CVTE)

• career/vocational technical education programs under the federal Carl D. Perkins Vocational and Technical Education Act of 1998 and M.G.L. c. 74.

Districts providing Title I services participate in Title I program monitoring during the same year they are scheduled for a Coordinated Program Review. Details regarding the Title I program monitoring process are available at: <a href="http://www.doe.mass.edu/titlei/monitoring">http://www.doe.mass.edu/titlei/monitoring</a>.

#### COORDINATED PROGRAM REVIEW ELEMENTS

<u>Team:</u> Depending upon the size of a school district and the number of programs to be reviewed, a team of two to eight Department staff members conducts onsite activities over two to five days in a school district or charter school.

Each school district and charter school in the Commonwealth is scheduled to receive a Coordinated Program Review every six years and a mid-cycle special education follow-up visit three years after the Coordinated Program Review; about seventy school districts and charter schools are scheduled for Coordinated Program Reviews in 2014-2015 SY, all districts participated in the Web-based Monitoring System (WBMS). The Department's 2013-2014 schedule of Coordinated Program Reviews is posted on the Department's web site at <<a href="http://www.doe.mass.edu/pqa/review/cpr/schedule.html">http://www.doe.mass.edu/pqa/review/cpr/schedule.html</a>>. The statewide six-year Program Review cycle, including the Department's Mid-cycle follow-up monitoring schedule, is posted at <<a href="http://www.doe.mass.edu/pqa/review/cpr/6yrcycle.html">http://www.doe.mass.edu/pqa/review/cpr/6yrcycle.html</a>>.

Criteria: The Program Review criteria for each WBMS review, begins with the district/school conducting a self-assessment across all fifty-two current special education criteria. Program Quality Assurance through its Desk Review procedures examines the district/school's self-assessment submission and determines which criteria will be followed—up on through onsite verification activities. For more details, please see the section on The Web-based Approach to Special Education Monitoring at the beginning of the School District Information Package for Special Education.

The requirements selected for review in all of the regulated programs are those that are most closely aligned with the goals of the Massachusetts Education Reform Act of 1993 to promote student achievement and high standards for all students.

WBMS Methods: Methods used in reviewing special education programs include:

#### Self-Assessment Phase:

District/school review of special education documentation for required elements including document uploads. Upon completion of this portion of the district/school's self-assessment, it is submitted to the Department for review.

Massachusetts Department of Elementary and Secondary Education – Program Quality Assurance
Services/Office of English Language Acquisition and Academic Achievement
Hampden Charter School of Science
Coordinated Program Review Report for English Learner Education
September 8, 2015
Page 4 of 24

• District/school review of a sample of special education student records selected across grade levels, disability categories and level of need. Additional requirements for the appropriate selection of the student record sample can be found in **Appendix II**: Student Record Review Procedures of the School District Information Package for Special Education.

Upon completion of this portion of the district/school's self-assessment, it is submitted to the Department for review.

On-site Verification Phase: Includes activities selected from the following;

- Interviews of administrative, instructional, and support staff consistent with those criteria selected for onsite verification.
- Interviews of parent advisory council (PAC) representatives and other telephone interviews, as requested, by other parents or members of the general public.
- Review of student records for special education: The Department may select a sample of student records from those the district reviewed as part of its self-assessment, as well as records chosen by the Department from the special education student roster. The onsite team will conduct this review, using standard Department procedures, to determine whether procedural and programmatic requirements have been implemented.
- Surveys of parents of students with disabilities: Parents of students with disabilities
  whose files are selected for the record review, as well as the parents of an equal number
  of other students with disabilities, are sent a survey that solicits information regarding
  their experiences with the district's implementation of special education programs,
  related services, and procedural requirements.
- Observation of classrooms and other facilities: The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

#### Methods for all other programs in the Coordinated Program Review:

- Review of documentation about the operation of the charter school or district's programs.
- Interviews of administrative, instructional, and support staff across all grade levels.
- Telephone interviews as requested by other parents or members of the general public.
- Review of student records for English learner education and career/vocational technical education: The Department selects a representative sample of student records for the onsite team to review, using standard Department procedures, to determine whether procedural and programmatic requirements have been implemented.
- Surveys of parents of English learners whose files are selected for the record review are sent a survey of their experiences with the district's implementation of the English learner education program and related procedural requirements.

Observation of classrooms and other facilities: The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

#### Report: Preparation:

At the end of the onsite visit, the onsite team will hold an informal exit meeting to summarize its comments for the superintendent or charter school leader and anyone else he or she chooses. Within approximately 45 business days of the onsite visit, the onsite chairperson will forward to the superintendent or charter school leader (and collaborative director where applicable) a Draft Report containing comments from the Program Review. The Draft Report comments for special education are provided to the district/school on-line through the Webbased Monitoring System (WBMS). These comments will, once the district has had a chance to respond, form the basis for any findings by the Department. The district (and collaborative) will then have 10 business days to review the report for accuracy before the publication of a Final Report with ratings and findings (see below). The Final Report will be issued within approximately 60 business days of the conclusion of the onsite visit and posted on the Department's website at <a href="http://www.doe.mass.edu/pqa/review/cpr/reports/">http://www.doe.mass.edu/pqa/review/cpr/reports/</a>.

#### **Content of Final Report:**

Ratings. In the Final Report, the onsite team gives a rating for each compliance criterion it has reviewed; those ratings are "Commendable," "Implemented," "Implementation in Progress," "Partially Implemented," "Not Implemented," and "Not Applicable." "Implementation in Progress," used for criteria containing new or updated legal requirements, means that the district has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented by the end of the school year.

Findings. The onsite team includes a finding in the Final Report for each criterion that it rates "Commendable," "Partially Implemented," "Not Implemented," or "Implementation in Progress," explaining the basis for the rating. It may also include findings for other related criteria.

Response: Where criteria are found "Partially Implemented" or "Not Implemented", the district or charter school must propose corrective action to bring those areas into compliance with the relevant statutes and regulations. This corrective action plan (CAP) will be due to the Department within 20 business days after the issuance of the Final Report and is subject to the Department's review and approval. Department staff will offer districts and charter schools technical assistance on the content and requirements for developing an approvable CAP.

> Department staff will also provide ongoing technical assistance as the school or district is implementing the approved corrective action plan. School districts and charter schools must demonstrate effective resolution of noncompliance identified by the Department as soon as possible but in no case later than one year from the issuance of the Department's Final Program Review Report.

#### INTRODUCTION TO THE FINAL REPORT

A one-member team of the Massachusetts Department of Elementary and Secondary Education visited Hampden Charter School of Science during the week of January 12, 2015, to evaluate the implementation of selected criteria in the program areas of special education, civil rights and other related general education requirements, and English learner education. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district.

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of the following Department program review methods:

- Interviews of two administrative staff
- Interviews of 13 teaching and support services staff across all levels
- Telephone interviews as requested by persons from the general public
- Student record reviews: Samples of 10 English learner education student records were selected by the Department. These student records were first examined by local staff, whose comments were then verified by the onsite team using standard Department record review procedures
- Surveys of parents of ELE students: Ten parents of ELE students were sent surveys that solicited information about their experiences with the district's implementation of English learner education programs, services, and procedural requirements. Two of these parent surveys were returned to the Department of Elementary and Secondary Education for review
- Observation of classrooms and other facilities: All instructional classrooms and other school facilities
  used in the delivery of programs and services were visited to examine general levels of compliance
  with program requirements

The report includes findings in the program areas reviewed organized under nine components. These components are:

**Component I: Assessment of Students** 

Component II: Student Identification and Program Placement

Component III: Parent and Community Involvement

Component IV: Curriculum and Instruction Component V: Student Support Services

Component VI: Faculty, Staff and Administration

Component VII: Facilities

Component VIII: Program Evaluation

Component IX: Recordkeeping and Fund Use

The findings in each program area explain the "ratings," determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially "Implemented" or implemented in a "Commendable" manner. (Refer to the "Definition of Compliance Ratings" section of the report.) Where criteria were found to be either "Partially Implemented" or "Not Implemented," the district or charter school must propose to the

# SUMMARY OF COMPLIANCE CRITERIA INCLUDED IN THIS REPORT REQUIRING CORRECTIVE ACTION

PROGRAM AREA	PARTIALLY IMPLEMENTED	NOT IMPLEMENTED	OTHER CRITERIA REQUIRING RESPONSE
English Learner Education	ELE 6, ELE 10	ELE 1	- 0

NOTE THAT ALL OTHER CRITERIA REVIEWED BY THE DEPARTMENT THAT ARE NOT MENTIONED ABOVE HAVE RECEIVED AN "IMPLEMENTED" OR "NOT APPLICABLE" RATING.

#### **DEFINITION OF COMPLIANCE RATINGS**

Commendable

Any requirement or aspect of a requirement implemented in an exemplary manner significantly

beyond the requirements of law or regulation.

**Implemented** 

The requirement is substantially met in all important

aspects.

**Implementation in Progress** 

This rating is used for criteria containing new or updated

legal requirements and means that the district has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented

by the end of the school year.

**Partially Implemented** 

The requirement, in one or several important aspects, is

not entirely met.

**Not Implemented** 

The requirement is totally or substantially not met.

Not Applicable

The requirement does not apply to the school district or

charter school.

ELE 4 Waiver Procedures	<ol> <li>Waivers of the requirement to be taught through sheltered English immersion instruction may be considered based on parent request, providing the parent annually visits the school and provides written informed consent. Parents must be informed of their right to apply for a waiver and provided with program descriptions in a language they can understand.</li> <li>Students who are under age 10, may only be granted waivers if (a) the student has been placed in an ELL classroom for at least 30 calendar days, (b) the school certifies in no less than 250 words that the student "has special and individual physical or psychological needs, separate from lack of English proficiency" that requires an alternative program, and (c) the waiver is authorized by both the school superintendent and principal. All waiver requests and school district responses (approved or disapproved waivers) must be placed in the student's permanent school record. For students under age 10, both the superintendent and the principal must authorize the waiver, and it must be made under guidelines established by, and subject to the review of the local school committee. These guidelines may, but are not required to, contain an appeals process. Students who are over age 10 may be granted waivers when it is the informed belief of the school principal and educational staff that an alternative program would be better for the student's overall educational progress. Student receiving waivers may be transferred to an educationally recognized and legally permitted ELL program other than a sheltered English immersion or two-way bilingual program. 	Authority: Title VI; EEOA; G.L. c.	71A, § 4
	Rating: Partially Implemented	District Response Required: Yes

#### **Department of Elementary and Secondary Education Comments:**

Reclassification guidelines submitted by the district indicates that students who have been in the ELE program for more than four years and haven't made adequate progress may be exited from the program if a team of professionals determines that they will no longer benefit from ESL instruction due to some issues unrelated to second language acquisition. Current practice of reclassification of ELLs as Former Limited English Proficient (FLEP) in the district is not consistent with the Department guidelines. Please see the "Transitional Guidance on Identification, Assessment, Placement, and Reclassification of English Language Learners August 2013" as found on <a href="http://www.doe.mass.edu/ell/guidance\_laws.html">http://www.doe.mass.edu/ell/guidance\_laws.html</a> and 603 CMR 14:02 at <a href="http://www.doe.mass.edu/lawsregs/603cmr14.html">http://www.doe.mass.edu/lawsregs/603cmr14.html</a>.

	Rating: Partially Implemented	District Response Required: Yes

#### Department of Elementary and Secondary Education Comments:

The district provides a parent notification letter with all the required elements when students are initially identified as English language learners, and provides parents and guardians with report cards and progress reports, written in a language understandable to the parent/guardian, in the same manner and with the same frequency as general education reporting. Annual parent notification letters, however, do not consistently contain the child's level of English proficiency, program placement and/or the method of instruction used in the program, how the program will meet the educational strengths and needs of the student, how the program will specifically help the child learn English, and the specific exit requirements for the student.

	Legal Standard	
ELE 14 Licensure Requirements	As noted in the introduction, the SY 12-13 through SY 15-16 will be transition years in districts with respect to ELE 14 because, among other things, cohorts of incumbent core academic teachers of ELLs will be participating in training to earn an SEI Teacher Endorsement. The same is true of building administrators who must earn an SEI Administrator Endorsement. From SY 12-13 to SY 15-16, the Department will gather data and documentation concerning criterion 2c of revised ELE 14, and professional development documentation required by revised ELE 14 and 15, through a process different from the CPR process. (It should be noted that ESL licensed teachers qualify for an SEI Teacher Endorsement and are not required to participate in the SEI cohort training.)  1. Reserved.  2. Licensure requirements for districts where ELLs are enrolled:  a) Every district, including every Commonwealth charter school, has at least one teacher who has an English as a Second Language or Transitional Bilingual Education, or ELL license under G.L. c.71, § 38G and 603 CMR 7.04(3). (This requirement does not apply separately to Horace Mann charter schools.)  b) Except at Commonwealth charter schools, every teacher or other educational staff member who teaches ELL students holds an appropriate license or current waiver issued by the Massachusetts Department of Elementary and Secondary Education.  c) Every district, including every charter school, takes steps to ensure that each core academic teacher of one or more ELLs, as defined in 603 CMR 7.02, participates in cohort training to obtain an SEI Teacher endorsement during the time designated for the educator's cohort or otherwise obtains the endorsement through another pathway. Similarly, every district, including every charter school, takes steps to ensure that each principal/assistant	

CRITERION NUMBER	ENGLISH LEARNER EDUCATION VI. FACULTY, STAFF AND ADMINISTRATION  Legal Standard	
	principal and supervisor/director who supervises or evaluates such teachers participates in cohort training, or pursues another pathway to obtain an SEI Administrator endorsement during the time designated for the educator's cohort. Department's expectations include:  i. Collaborating with the Department to identify which of the incumbent core academic teachers or administrators have participated in two of more the following Category Trainings: category 1, 2 or 4; ii. Providing a location for delivery of the SEI training and schedule for the delivery of the training sessions;  iii. Informing educators of their obligation to attend trainings with their cohort group to earn the SEI endorsement.  3. Except at Commonwealth charter schools, any director of ELL programs who is employed in that role for one-half time or more has a Supervisor/Director license and an English as a Second Language, Transitional Bilingual Education of an ELL license.  4. A district with 200 or more ELL students—including all charter schools with 200 or more ELL students—should have a director of ELL programs, that director has an English as a Second Language, Transitional Bilingual Education, or an ELL license even if he or she is employed in that position for less than one-half time. (This requirement does not apply separately to Horace Mann charter schools.)

# MASSACHUSETTS DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION COORDINATED PROGRAM REVIEW REPORT

Hampden Charter School of Science

#### SCOPE OF COORDINATED PROGRAM REVIEWS

As one part of its accountability system, the Department of Elementary and Secondary Education oversees local compliance with education requirements through the Coordinated Program Review (CPR). All reviews cover selected requirements in the following areas:

#### Special Education (SE)

• selected requirements from the federal Individuals with Disabilities Education Act (IDEA-2004); the federal regulations promulgated under that Act at 34 CFR Part 300; M.G.L. c. 71B, and the Massachusetts Board of Education's Special Education regulations (603 CMR 28.00), as amended effective March 1, 2007. The 2014 - 2015 Web-based Monitoring System (WBMS) districts conducted self-assessments across all criteria.

#### Civil Rights Methods of Administration and Other General Education Requirements (CR)

- selected federal civil rights requirements, including requirements under Title VI of the Civil Rights Act of 1964; the Equal Educational Opportunities Act of 1974; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, together with selected state requirements under M.G.L. c. 76, Section 5 as amended by Chapter 199 of the Acts of 2011 and M.G.L. c. 269 §§ 17 through 19.
- selected requirements from the Massachusetts Board of Education's Physical Restraint regulations (603 CMR 46.00).
- selected requirements from the Massachusetts Board of Education's Student Learning Time regulations (603 CMR 27.00).
- various requirements under other federal and state laws.
- The 2014 2015 Web-based Monitoring System (WBMS) districts conducted self-assessments across all criteria

#### English Learner Education (ELE) in Public Schools

• selected requirements from M.G.L. c. 71A, the state law that governs the provision of education to limited English proficient students, and 603 CMR 14.00, as well as the No Child Left Behind Act of 2001 and Title VI of the Civil Rights Act of 1964. During the 2014 - 2015 school year, all districts that enroll limited English proficient students will be reviewed using a combination of updated standards and a self-assessment instrument overseen by the Department's Office of Language Acquisition and Academic Achievement (OLAAA), including a request for information regarding ELE programs and staff qualifications.

Some reviews also cover selected requirements in:

#### Career/Vocational Technical Education (CVTE)

• career/vocational technical education programs under the federal Carl D. Perkins Vocational and Technical Education Act of 1998 and M.G.L. c. 74.

Districts providing Title I services participate in Title I program monitoring during the same year they are scheduled for a Coordinated Program Review. Details regarding the Title I program monitoring process are available at: http://www.doe.mass.edu/titlei/monitoring.

#### COORDINATED PROGRAM REVIEW ELEMENTS

Team: Depending upon the size of a school district and the number of programs to be reviewed, a team of one to eight Department staff members conducts onsite activities over two to five

days in a school district or charter school.

Each school district and charter school in the Commonwealth is scheduled to receive a Timing:

Coordinated Program Review every six years and a mid-cycle special education follow-up visit three years after the Coordinated Program Review; about seventy school districts and charter schools are scheduled for Coordinated Program Reviews in 2014 - 2015, of which all districts participated in the Web-based Monitoring System (WBMS). The Department's 2014 - 2015 schedule of Coordinated Program Reviews is posted on the Department's web site at <<http://www.doe.mass.edu/pga/review/cpr/schedule.html>>. The statewide six-year

Program Review cycle, including the Department's Mid-cycle follow-up monitoring

schedule, is posted at <<a href="http://www.doe.mass.edu/pga/review/cpr/6yrcycle.html">http://www.doe.mass.edu/pga/review/cpr/6yrcycle.html>>.

Criteria:

The Program Review criteria for each WBMS review, begins with the district/school conducting a self-assessment across all fifty-two current special education criteria and thirtyfive civil rights criteria. Program Quality Assurance through its Desk Review procedures examines the district/school's self-assessment submission and determines which criteria will be followed-up on through onsite verification activities. For more details, please see the section on The Web-based Approach to Special Education and Civil Rights Monitoring at the beginning of the School District Information Package for Special Education and Civil Rights.

The requirements selected for review in all of the regulated programs are those that are most closely aligned with the goals of the Massachusetts Education Reform Act of 1993 to promote student achievement and high standards for all students.

WBMS Methods: Methods used in reviewing special education and civil rights programs include:

Self-Assessment Phase:

- District/school review of special education and civil rights documentation for required elements including document uploads. Upon completion of this portion of the district/school's self-assessment, it is submitted to the Department for review.
- District/school review of a sample of special education student records selected across grade levels, disability categories and level of need. Additional requirements for the appropriate selection of the student record sample can be found in Appendix II: Student Record Review Procedures of the School District Information Package for Special

Upon completion of these two portions of the district/school's self-assessment, it is submitted to the Department for review.

Template Version 141006

On-site Verification Phase: Includes activities selected from the following:

- Interviews of administrative, instructional, and support staff consistent with those criteria selected for onsite verification.
- Interviews of parent advisory council (PAC) representatives and other telephone interviews, as requested, by other parents or members of the general public.
- Review of student records for special education: The Department may select a sample of
  student records from those the district reviewed as part of its self-assessment, as well as
  records chosen by the Department from the special education student roster. The onsite
  team will conduct this review, using standard Department procedures, to determine
  whether procedural and programmatic requirements have been implemented.
- Surveys of parents of students with disabilities: Parents of students with disabilities whose files are selected for the record review, as well as the parents of an equal number of other students with disabilities, are sent a survey that solicits information regarding their experiences with the district's implementation of special education programs, related services, and procedural requirements.
- Observation of classrooms and other facilities: The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.
- Review of additional documents for special education or civil rights.

#### Methods for all other programs in the Coordinated Program Review:

- Review of documentation about the operation of the charter school or district's programs.
- Interviews of administrative, instructional, and support staff across all grade levels.
- Telephone interviews as requested by other parents or members of the general public.
- Review of student records for English learner education and career/vocational technical education: The Department selects a representative sample of student records for the onsite team to review, using standard Department procedures, to determine whether procedural and programmatic requirements have been implemented.
- Surveys of parents of English learners whose files are selected for the record review are sent a survey of their experiences with the district's implementation of the English learner education program and related procedural requirements.
- Observation of classrooms and other facilities: The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

#### Report: Preparation:

At the end of the onsite visit, the onsite team will hold an informal exit meeting to summarize its comments for the superintendent or charter school leader and anyone else he or she chooses. Within approximately 45 business days of the onsite visit, the onsite chairperson will forward to the superintendent or charter school leader (and collaborative director where applicable) a Draft Report containing comments from the Program Review. The Draft Report

Template Version 141006

comments for special education and civil rights are provided to the district/school on-line through the Web-based Monitoring System (WBMS). These comments will, once the district has had a chance to respond, form the basis for any findings by the Department. The district (and collaborative) will then have 10 business days to review the report for accuracy before the publication of a Final Report with ratings and findings (see below). The Final Report will be issued within approximately 60 business days of the conclusion of the onsite visit and posted on the Department's website at <a href="http://www.doe.mass.edu/pga/review/cpr/reports/">http://www.doe.mass.edu/pga/review/cpr/reports/</a>>.

#### **Content of Final Report:**

Ratings. In the Final Report, the onsite team gives a rating for each compliance criterion it has reviewed; those ratings are "Commendable," "Implemented," "Implementation in Progress," "Partially Implemented," "Not Implemented," and "Not Applicable." "Implementation in Progress," used for criteria containing new or updated legal requirements, means that the district has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented by the end of the school year.

Findings. The onsite team includes a finding in the Final Report for each criterion that it rates "Commendable," "Partially Implemented," "Not Implemented," or "Implementation in Progress," explaining the basis for the rating. It may also include findings for other related criteria.

Response: Where criteria are found "Partially Implemented" or "Not Implemented", the district or charter school must propose corrective action to bring those areas into compliance with the relevant statutes and regulations. This corrective action plan (CAP) will be due to the Department within 20 business days after the issuance of the Final Report and is subject to the Department's review and approval. Department staff will offer districts and charter schools technical assistance on the content and requirements for developing an approvable CAP.

> Department staff will also provide ongoing technical assistance as the school or district is implementing the approved corrective action plan. School districts and charter schools must demonstrate effective resolution of noncompliance identified by the Department as soon as possible but in no case later than one year from the issuance of the Department's Final Program Review Report.

#### INTRODUCTION TO THE FINAL REPORT

A one-member Massachusetts Department of Elementary and Secondary Education team visited Hampden Charter School of Science during the week of January 12, 2015, to evaluate the implementation of selected criteria in the program areas of special education, civil rights and other related general education requirements, and English learner education. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district.

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of the following Department program review methods:

- Interviews of two administrative staff.
- Interviews of 12 teaching and support services staff across all levels.
- No interview of a parent advisory council (PAC) representative. The charter school has no active PAC.
- Interviews as requested by persons from the general public.
- Student record reviews: Samples of 20 special education student records and 10 English learner education student records.
- Surveys of parents of students with disabilities: Forty parents of students with disabilities were sent surveys that solicited information about their experiences with the district's implementation of special education programs, related services and procedural requirements. Five of these parent surveys were returned to the Department of Elementary and Secondary Education for review.
- Surveys of parents of ELE students: Ten parents of ELE students were sent surveys that solicited information about their experiences with the district's implementation of English learner education programs, services, and procedural requirements. Two of these parent surveys were returned to the Department of Elementary and Secondary Education for review.
- Observation of classrooms and other facilities. All instructional classrooms and other school facilities used in the delivery of programs and services were visited to examine general levels of compliance with program requirements.

The report includes findings in the program areas reviewed organized under nine components. These components are:

**Component I: Assessment of Students** 

Component II: Student Identification and Program Placement

**Component III: Parent and Community Involvement** 

Component IV: Curriculum and Instruction Component V: Student Support Services

Component VI: Faculty, Staff and Administration

Component VII: Facilities

Component VIII: Program Evaluation

Component IX: Recordkeeping and Fund Use

Template Version 141006

The findings in each program area explain the "ratings," determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially "Implemented" or implemented in a "Commendable" manner. (Refer to the "Definition of Compliance Ratings" section of the report.) Where criteria were found to be either "Partially Implemented" or "Not Implemented," the district or charter school must propose to the Department corrective actions to bring those areas into compliance with the controlling statute or regulation. Districts are expected to incorporate the corrective action into their district and school improvement plans, including their professional development plans.

#### Hampden Charter School of Science

# SUMMARY OF COMPLIANCE CRITERIA INCLUDED IN THIS REPORT REQUIRING CORRECTIVE ACTION

PROGRAM AREA	PARTIALLY IMPLEMENTED	NOT IMPLEMENTED	OTHER CRITERIA REQUIRING RESPONSE
Special Education	SE 32		
Civil Rights and Other General Education Requirements	CR 21		

NOTE THAT ALL OTHER CRITERIA REVIEWED BY THE DEPARTMENT THAT ARE NOT MENTIONED ABOVE HAVE RECEIVED AN "IMPLEMENTED" OR "NOT APPLICABLE" RATING.

#### **DEFINITION OF COMPLIANCE RATINGS**

Commendable Any requirement or aspect of a requirement

implemented in an exemplary manner significantly beyond the requirements of law or regulation.

Implemented The requirement is substantially met in all important

aspects.

Implementation in Progress This rating is used for criteria containing new or

updated legal requirements and means that the district has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team

anticipates that the new requirements will be implemented by the end of the school year.

Partially Implemented The requirement, in one or several important aspects, is

not entirely met.

**Not Implemented**The requirement is totally or substantially not met.

Not Applicable The requirement does not apply to the school district or

charter school.

	Notice to students 16 or over leaving school without a high school diploma, certificate of attainment, or certificate of completion  1. Within ten days from a student's fifteenth consecutive unexcused absence, the school provides written notice to students age 16 or over and their parents or guardians. The notice is in English and the family's native language and states that the student and the parent or guardian may meet with a representative of the district within ten days from the date the notice was sent. At the request of the parent or guardian, the district may consent to an extension of the time for the meeting of not longer than fourteen days.  2. At the meeting the participants discuss the reasons that the student is leaving school and alternative educational or other placements. The student and parent or guardian are told that attendance is voluntary after the student turns 16 but are also informed of the student's right to return to school.  3. Any district serving students in high school grades sends annual written notice to former students who have not yet earned their competency determination and who have not transferred to another school  a. to inform them of the availability of publicly funded post-high school academic support programs and  b. to encourage them to participate in those programs.  At a minimum, the district sends annual written notice by first class mail to the last known address of each such student who attended a high school in the district within the past two years. 	for an evaluation to determine eligibility for special education, the principal ensures that documentation on the use of instructional support services for the student is provided as part of the evaluation information reviewed by the Team when determining eligibility.  2. Curriculum Accommodation Plan. The principal implements a curriculum accommodation plan developed by the district's general education program to ensure that all efforts have been made to meet the needs of diverse learners in the general education program. The plan assists the regular classroom teacher in analyzing and accommodating diverse learning styles of all children in the regular classroom and in providing appropriate services and support within the general education program including, but not limited to, direct and systematic instruction in reading and provision of services to address the needs of children whose behavior may interfere with learning. The plan includes provisions encouraging teacher mentoring and collaboration and parental involvement. (The plan may be part of a multi-year strategic plan.)  3. Coordination with special education. The principal with the assistance of the Administrator of Special Education coordinates the delivery and supervision of special education services within each school building.  4. Educational services in home or hospital. Upon receipt of a physician's written order verifying that any student enrolled in a public school or placed by the public school in a private setting must remain at home or in a hospital on a day or overnight basis, or any combination of both, for medical reasons and for a period of not less than fourteen school days in any school year, the principal arranges for provision of educational services in the home or hospital. Such services are provided with sufficient frequency to allow the student to continue his or her educational program, as long as such services do not interfere with the medical needs of the student. The principal coordinates such services with the Administrator
